A Message from the Chair, RLC Board of Directors

On behalf of the Board of Directors of Rosseau Lake College, I am pleased to announce that Dr. Robert Carreau has been appointed our new Head of School effective August 1, 2017. Robert joins RLC from École académique de Truro, a day school in Nova Scotia with nearly 400 students spanning the ages of 4-18 years. During his tenure, he oversaw the growth of the school from 75 students and the addition of numerous programs and activities. He is also an adjunct professor at the Faculty of Education, St. Francis Xavier University, teaching Curriculum Theory and Change Leadership courses in the Master of Education program.

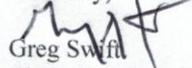

Our Selection Committee went through an extensive search. We were fortunate with both the number and quality of applicants to fill this key role as RLC celebrates its 50th anniversary and plans for future growth and innovation. The appointment of Dr. Carreau is the result of a rigorous international search conducted under the leadership of the RLC Search Committee, chaired by Barry Wansbrough, with input from additional Board Members as well as Alumni and Parents. The search was guided by Val Cambre of Teal and Co.

Robert, who holds two Masters degrees in Curriculum and Environmental Science as well as a Ph.D. in Educational Foundations and Leadership, will be instrumental as RLC continues its Curriculum Leadership with the implementation of its Personalized Learning Program. Robert also has extensive experience working with Inuit communities in Nunavut and First Nations in Nova Scotia and will continue to build RLC's partnership with Indigenous communities.

Robert's heritage and experience is in Outdoor Education and he will ensure RLC leverages its unique environment to support our vision of "Nature is our Lab, Discovery is our Culture." He is currently the Chair of the Board of Governors for the Nova Scotia School Athletic Federation and has worked tirelessly to support the communities in which he has lived.

Robert and his wife, Lavinia, and 3 of their 4 children will arrive at RLC in August to begin meeting community members and to get to know the school. We are excited to welcome them and to work with Robert as our next Head of School.

Sincerely,

Greg Swift
Chair, Board of Directors
